

EN. LUMINA PRO-AGE ANTIOXIDANT SOLUTION

with cherry juice and olive extract

Aiab EcoBioCosmetics Certification

Greenatural's Pro-Age Antioxidant Solution is a true **youth-boosting elixir**, powered by **antioxidant-rich extracts**, able to prevent skin aging. With **Olive extract** - rich in antioxidant compounds: polyphenols (tyrosol and hydroxytyrosol) - to protect the skin from blue light and boost skin's defences by encouraging collagen and elastin renewal. These antioxidant and antiradical activities ensure **plump, bouncy and healthy skin**.

INGREDIENTS:

Ingredients: Aqua (Water), Citrus Aurantium Amara (Bitter Orange) Flower Water*, Prunus Avium (Sweet Cherry) Fruit Juice, Olea Europaea (Olive) Fruit Extract, Polyglyceryl-4 Caprate, Polyglyceryl-6 Caprylate, Benzyl Alcohol, Sodium Benzoate, Potassium Sorbate, Maltodextrin, Sodium Gluconate, Tocopherol, Citric acid, Linalool*, Parfum (Fragrance).

***From Organic Agriculture**

USE:

Saturate a reusable cotton pad and pat onto clean skin over face and neck. Use once or twice daily.

AIAB ECOBIO COSMETICS CERTIFICATION

- The products of **Eco Bio Cosmetics and Natural Cosmetics** ICEA guarantee :
- **Formulations** consisting of ingredients of natural origin, selected on the basis of criteria of environmental sustainability and healthiness.
- In the case of Eco Bio Cosmetics products, surfactants, functional principles and plant extracts **from organic farming and certified** based on the main international regulations.
- **Mandatory tests** on the finished product to prevent unwanted effects.
- **Truthful labels and claims** supported by a reliable scientific test or bibliography.
- **An independent control and certification system** with international accreditations, which makes the rules, the lists of companies and certified products (including the ingredients) public and responds to questions asked by consumers.

DESCRIPTIVE SHEET FOR MAIN ACTIVE COMPONENTS*

Ingredients	Properties
Orange blossom hydrosol (Citrus Aurantium Amara Flower Water)	Orange blossom water is obtained by steam distillation of the organic flowers of bitter oranges. Orange blossom water can tonify, refresh and regenerate the skin. This ingredient is particularly beneficial to people with dry skin who are looking for a simple way to boost skin moisture and radiance. Thanks to its anti-inflammatory properties, it may be particularly useful in reducing inflammation and calming down sensitive skin.
OLEA-HT 10 Active (Olea Europaea Fruit Extract)	Olea-HT 10 is extracted from a by-product of Sicilian olive oil production. This extract shows very high antioxidant power and it can be used to prevent the signs of skin photo-aging. Olea-HT 10 contains hydroxytyrosol and tyrosol, that have been proven in several in vitro studies, to be true radical scavengers, and act by protecting the skin from blue light and boosting skin's defences by encouraging collagen and elastin renewal.
Cherry Juice (Prunus Avium Fruit Juice)	Cherry juice is rich in antioxidants and can help revitalize skin cells, encouraging healthy looking skin.

- Warning: the descriptions listed above are to be referred to the active properties reported in literature. This regulation relates only to cosmetic products and not to medical products. Cosmetic products may include any emulsion, lotion or substance intended for external application (skin, hair, nails, lips and external intimate hygiene) or for care of the teeth and the mouth, whose exclusive purpose is to clean, perfume, change the aspect, protect, maintain their well status or eliminate body odor. (Regulation (CE) n. 1223/2009).
